About Us

Wizemed

Trusted Medical Device Manufacturer

Wizemed is a global medical device manufacturer specializing in mobility and healthcare solutions, including power wheelchairs, care beds, patient lifts, and other assistive products. Leveraging over 25 years of experience from its parent company, Wiseton Group, Wizemed integrates R&D, industrial design, and manufacturing.

The company operates a 23,000 m² production base and a 2,500 m² R&D center in Jiashan, China, and maintains a growing global network of branches and distributors across Europe and North America, including **Wizemed LTD in the UK**, which manages local operations, warehouses, logistics, and after-sales support.

Wizemed is certified to ISO 13485, with products compliant with CE, UKCA, and EU MDR requirements, and is recognized as a reliable partner in the rehabilitation and eldercare sector.

Motto: Through hard work, with humility for humanity.

Qualification Certificate

C100

Carbon Fibre
Power Wheelchair

C100 Specification

Safe Working Load: 136 kg/21 st

Total Weight (Excl. Battery): 16 kg/2.5 st

Seat Width: 440 mm

Seat Height (Cushion Removed): 460 mm

Seat Depth: 420 mm

Backrest Height: 500 mm

Front Wheel Size: 190 mm

Rear Wheel Size: 250 mm

Turning Radius: 800 mm

Max. Speed: 6 km/h

Battery Capacity: 24 V/10.4 Ah, Lithium Battery

Range: 15 km

C100

Carbon Fibre Power Wheelchair

Power Wheelchairs

Full carbon fibre frame –
lightweight yet incredibly strong

Large 8" front / 10"
aluminium rear wheels

UK
CA CE

Overall dimensions (L/W/H):

E200 M

Power Wheelchair

Power seating system maintains pelvic stability and reduces shear during tilt and recline

Mid-wheel drive design for a tight turning radius and effortless indoor manoeuvrability

Seat elevation & forward tilt help you reach higher and interact with your surroundings more easily

Multiple trim colors

*Currently under development; final specifications may vary

E200 F

Power Wheelchair

Precision controller delivers smooth, accurate and effortless driving

Swing-away or power angle-adjustable centre-mount legrests for easier transfers

Four-wheel independent suspension ensures a smoother and more stable ride

Multiple trim colors

*Currently under development; final specifications may vary

E100

Power Wheelchair

E100 Specification

Safe Working Load: 136 kg/21 st

Total Weight (Excl. Battery): 105 kg/ 16.5 st

Seat Width: 410-510 mm

Seat Height (Cushion Removed): 480-710 mm

Seat Depth: 515-550 mm

Backrest Height: 500 mm

Front Wheel Size: 220 mm

Rear Wheel Size: 350 mm

Turning Radius: 870 mm

Max. Speed: 10 km/h

Battery Capacity: 24 V/58 Ah, Lead-Acid Battery

Range: 25 km

E100

Power Wheelchair

High-torque motor with advanced controller

Fully adjustable seating system for personalized positioning and comfort

Optional elevating or swing-away legrests

Lighting package (turn, position and warning lights)

Overall Dimensions (L/W/H):
1100 * 580 * 1000 / 1170 mm

PL350

Electric Patient Lift

PL350 Specification

Legs Length: 1200 mm

Internal Width Legs Closed: 550 mm

Internal Width Legs Open: 1080 mm

Dimensions(Unfolded) L*W*H: 1260*640*1325 mm

Leg Clearance(Floor to Top of Legs): 95 mm

Lifting Height Range(Floor to Sling Bar): 545-1685 mm

Lifting Speed(80kg Load): 26.1 mm/s

Lifting Cycles Per Charge(80kg Load): 90 times

Safe Working Load: 180 kg/28.3 st

Total Weight(with Spreader Bar and Battery): 37 kg/5.8 st

Front Castor Diameter: 75 mm

Rear Castor Diameter(with Brake): 75 mm

PL350

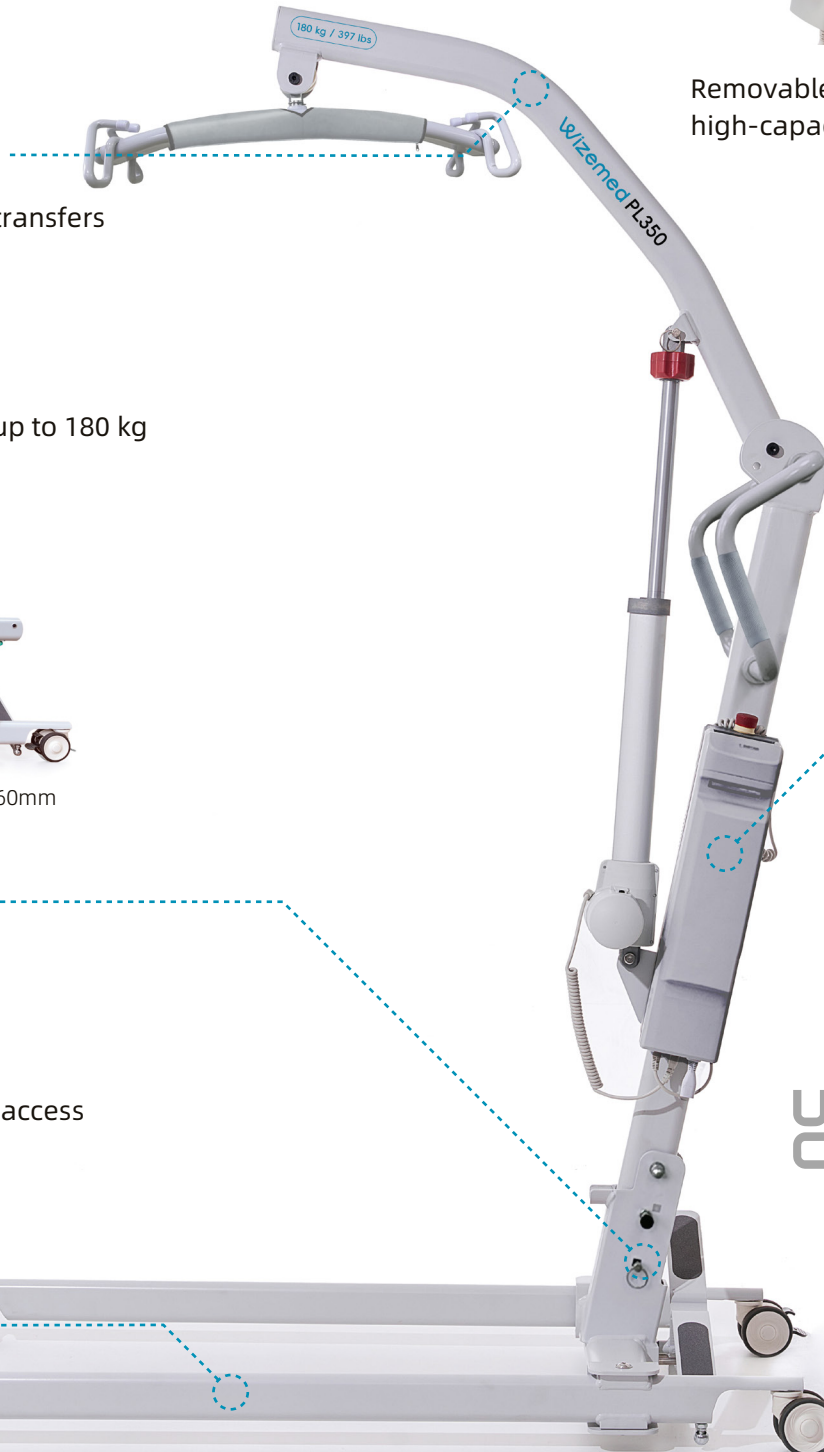

Electric Patient Lift

Removable high-capacity battery

Wide lifting range for versatile transfers

Reinforced structure, supports up to 180 kg

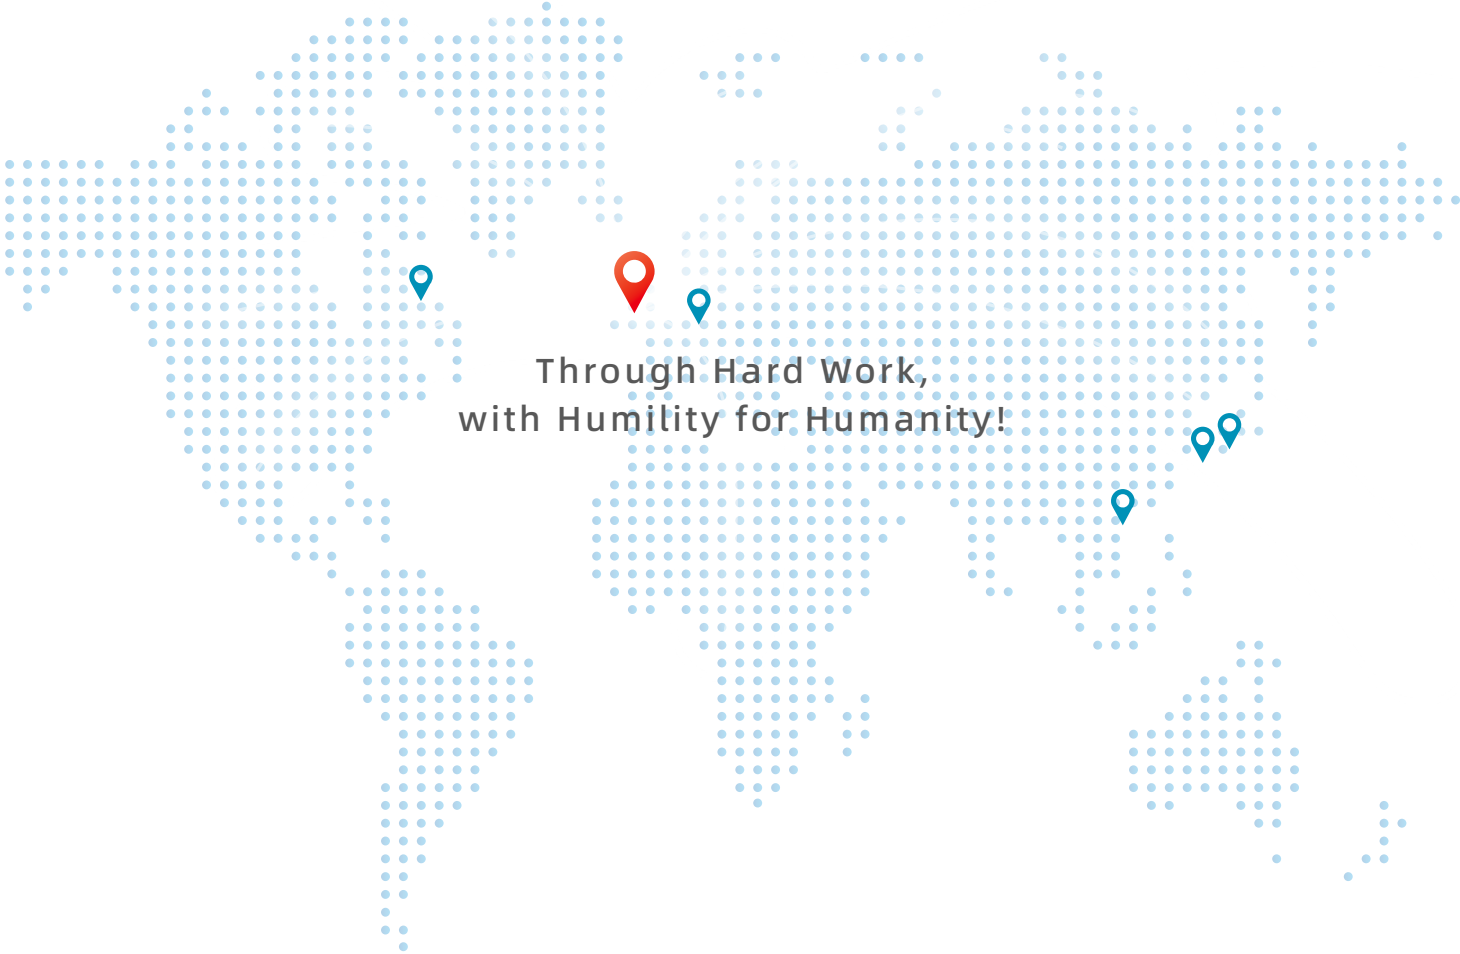

Folded dimensions(L/W/H): 1200*640*360mm

Quick tool-free assembly in just 3 minutes

Adjustable base width for easy access

Ultra-low base: 95 mm
Foldable for storage and transport
